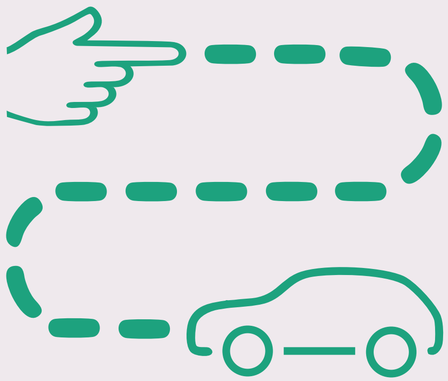
BRAND GUIDELINE

by Lorena Babunashvili

About Guideline

The brand's visual guideline I created provides clear instructions and assets for the Akve's team and external partners to implement the identity consistently. It also includes enough freedom within the framework to allow for creativity and evolution.

My goal was to build a solid design system that would support Akve's vision over the long term.



AQVE'S PROFILE

The logo belongs to a car parking finder app;ication used for booking fre spots as well with the slogan :

ადგილი ქალაქში ვიპოვოთ ერთად!

Arrive Quickly Validly Easily!

GUIDELINE

BRAND APPLICATION

This section is a visual guide demonstrating the effective application of the AQVE brand system—our logo, colors, and typography—across core materials. It showcases how the brand delivers a unified, modern, and highly functional user experience in the mobile interface and all associated marketing campaigns.

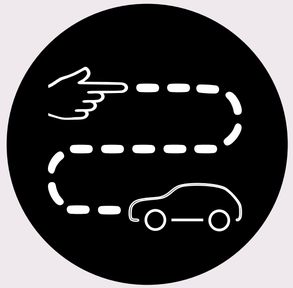
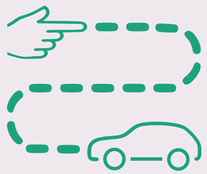
10%

The AQVE logo utilizes scalable variations to maintain its integrity across all mediums, from the smallest app icon to large-scale marketing. These approved configurations ensure brand consistency and maximum legibility in every context.





TYPOGRAPHY

Typography is a fundamental component of the AQVE brand identity. They ensure our voice is consistently clear, modern, and trustworthy across all digital touchpoints. We prioritize legibility and functional design to enhance user experience within the application and marketing materials.
